

**Our vision**

A **vibrant fostering community** across the UK working together so every child and young person can flourish

**How we will achieve it**

Enriching, empowering and developing the vital bonds between those who offer love, warmth, stability and hope to children and young people

**What we will do to improve outcomes for children and young people**

**Be the catalyst for child-centred change**

Embed relationship-based, restorative and solution-focused practice. Promote inclusive, respectful language and strengthen collaboration across the fostering community

**Secure sustainable income through meaningful relationships**

Expand and diversify membership, grow partnerships and fundraising streams, and enhance member experience through technology

**Increase the Impact of our work**

Develop impact measurement tools, publish annual impact assessments and build participatory and evidence-based collaboration

**Drive forward quality improvement in practice**

Establish a UK-wide quality framework, ensure trauma-informed, child-centred practice, and introduce flexible, person-centred learning

**Influence transformational policy change**

Amplify member voices to inform UK policy, act as a “critical friend” to governments and strengthen connections between carers and decision-makers

**Be the best organisation we can be**

Embed wellbeing, inclusion and sustainability, increase care-experienced staff representation and reduce environmental impact

**What will support it**

**Support** through our advice, helplines, and insurance

**Enrich** through our education, publications, programmes, and research

**Empower** through our campaigning, representation, and lobbying

**Restore** through our networking, advocating and communications

**Our values**

**Genuine**

**Connected**

**Expert**

**Caring**

**Adaptable**

**Brave**
