SESSION 2 – Learning from the lived experience – the views and experiences of children and young people, parents, kinship and foster carers, residential staff and adoptive parents

Session 2A – 1 December 2012

Children and young people with experience of adoption, fostering, kinship and residential care shared the views and experiences of focus groups that had been run in previous months for the Care Inquiry by the London Borough of Hounslow, The Who Cares? Trust, the Together Trust, and Torbay Council.

This was supplemented by other work by children and young people: one-to-one interviews with some young people who were unable to make the focus groups, and an online consultation. In total, over 100 children and young people gave their views to the Care Inquiry.

Session 2B – 10 December 2012

An opportunity for adults close to children in care, and with experience of different ways of providing permanence for children and young people, to come together and discuss their views.
